

NUEVA GAMA DE REFRIGERACIÓN 2022/2023

COMPONENTES REFRIGERACIÓN

OUR EXPERTISE, OUR VIEW.

Refrigera Industriale è un'azienda manifatturiera italiana, che opera nel settore HVAC-R (Riscaldamento, Ventilazione, Condizionamento dell'aria e Refrigerazione), offrendo una gamma completa di prodotti, progettati internamente e realizzati con elevate competenze tecniche e impiegando materie prime certificate. Il successo dei nostri prodotti, contraddistinti dal marchio registrato Refrigera® è stato realizzato grazie all'elevata qualità, alla riconosciuta innovatività e alla marcata personalizzazione dell'offerta. In Refrigera Industriale progettiamo e produciamo valvole idonee per impianti di refrigerazione sempre al passo con le restrittive normative ambientali, e in grado di soddisfare i requisiti tecnici e di efficienza energetica dei sistemi più innovativi. I nostri clienti, provenienti da tutto il mondo, si rivolgono a Refrigera, cercando non solo un prodotto, ma soprattutto una soluzione tecnica. A tale scopo Refrigera progetta, produce e commercializza una gamma completa di valvole per la refrigerazione industriale e commerciale, disegnata su misura, per le esigenze specifiche di ciascun cliente, idonee per qualsiasi tipo di impianto, funzionante con i più diffusi fluidi refrigeranti a basso impatto ambientale.

Refrigera detiene un consolidato know-how anche nella progettazione di componenti in rame idonei per i più diffusi sistemi di condizionamento dell'aria. Il nostro catalogo contiene una gamma completa di derivazioni, collettori e componenti realizzati su misura per sistemi VRF e per qualsiasi circuito del settore HVACR. L'intera gamma di prodotto è disponibile con coibentazioni personalizzate, realizzate in materiale certificato in Classe 1.

I nostri progetti di Ricerca & Sviluppo possono contare su persone di valore, le cui expertise consentono a Refrigera di conquistare ogni anno nuovi clienti e nuovi mercati. Abbiamo deciso di produrre solo in Italia, per controllare ogni fase del processo produttivo e per migliorare continuamente le prestazioni e l'affidabilità dei nostri prodotti. Ogni nostro prodotto nasce dall'ambizione di fare qualcosa di valore, per il cliente e per noi.

I nostri prodotti hanno acquisito le più ambite certificazioni europee e nordamericane e vengono sottoposti singolarmente a test funzionali molto severi. Le materie prime impiegate nella produzione vengono acquistate da fornitori selezionati e accreditati a livello internazionale.

La tutela dell'ambiente è un nostro valore, presente in ogni nostro obiettivo. La nostra azienda agisce nel pieno rispetto delle normative ambientali e con la massima attenzione all'efficienza energetica di ogni processo industriale. Così come i nostri prodotti vengono progettati per durare a lungo e per offrire prestazioni elevate nei più diffusi impianti funzionanti con gas refrigeranti ecocompatibili. La nostra azienda è integrata con il territorio e persegue obiettivi ambientali e sociali, a fianco di quelli economici e finanziari. Ogni giorno contribuiamo a realizzare un futuro prospero, pulito e sicuro.

Refrigera Industriale is an Italian manufacturer that operates in the HVAC-R industry (Heating, Ventilation, Air Conditioning and Refrigeration) and offers a full range of products designed in-house and made with top technical expertise by using certified raw materials.

The success of our products lies in their high quality, acclaimed innovation and customised solutions. At Refrigera we design and manufacture valves for refrigeration systems that are always in line with strict environmental regulations, as well as the technical and energy efficiency requirements of the most innovative systems. Our customers from around the world turn to Refrigera and do not only seek a product, but above all a technical solution. This is why Refrigera designs, manufactures and markets a full range of valves for industrial and commercial refrigeration, customised according to the specific needs of each client, suitable for any kind of system and operating with the most popular coolants with a low environmental impact.

Refrigera has a well-established know-how also in terms of design of copper components suitable for the most popular air conditioning systems. Our catalogue contains a full range of shunts, manifolds and components tailored to VRF systems and for any HVAC-R industry circuit. The entire product range is available with customised insulation made of Class 1 certified material.

All products sold are covered by the Refrigera® internationally registered trademark.

Our R&D projects can count on valuable people and with their expertise every year Refrigera acquires new customers and new markets. We decided to only manufacture in Italy to monitor every stage of the production process and constantly improve the performance and reliability of our products. Each product stems from the desire to provide value for the customer and ourselves.

Our products have gained the most coveted European and North American certifications and each one of them undergoes very strict operating tests. The raw materials used at the production stage are top quality materials purchased from selected suppliers.

Environmental protection is one of our values featured in all our goals. Our company acts in full compliance with environmental regulations and with the utmost attention to ensuring energy efficiency for every industrial process. Likewise, our products are designed to guarantee longevity and offer high performance in the most popular systems operating with eco-friendly refrigerant gases. Our company has a widespread local network and pursues social and environmental objectives, alongside economic and financial ones. Every day we help build a prosperous, clean and safe future.

TYPE: identifies the valve body. The corresponding letter can be found inside the valve product code: for example for two ways valve 12 mm SV21A12R0001 (fifth position from left).							
KIT CODE: refers to the KIT to be mounted on the valve to connect the actuator.							
This is a selection chart to facilitate a proper valve, kit and motor matching. A complete motorized valve unit consists of: VALVE + KIT + ACTUATOR (only for Belimo engines an additional motor internal pin is required).							
NOTE: Connection kit is never included and must be ordered separately.							
Motor IP code				All motors technical data shown on this chart are for general information purposes only and may vary without any further notice. Current technical specifications are available on request.			
BELIMO:		IP54		Motors EAPRCA-S2-T-RFG and EAPRCA-BACS2-T-RFG are IP66			
END-ARMATUREN:		IP67		All

TYPE: identifies the valve body. The corresponding letter can be found inside the valve product code: for example for two ways valve 12 mm SV21AM12R0001 (fifth position from left).											
KIT CODE: refers to the KIT to be mounted on the valve to connect the actuator.											
This is a selection chart to facilitate a proper valve, kit and motor matching. A complete motorized valve unit consists of: VALVE + KIT + ACTUATOR (only for Belimo engines an additional motor internal pin is required).											
NOTE: Connection kit is never included and must be ordered separately.											
Motor IP code				All motors technical data shown on this chart are for general information purposes only and may vary without any further notice. Current technical specifications are available on request.							
BELIMO:		IP54		Motors EAPRCA-S2-T-RFG and EAPRCA-BACS2-T-RFG are IP66							
END-ARMATUREN:		IP67		All

-------------	------	------	------	----	-----

Le seguenti condizioni generali si applicano a tutte le offerte di vendita, a tutti gli ordini di acquisto e, una volta accettate, a tutti i contratti in cui Refrigera Industriale s.r.l. (di seguito Refrigera Industriale) assume il ruolo di venditore.

Le seguenti condizioni generali prevalgono, in ogni caso, su quelle eventualmente predisposte dall'acquirente.

Condizioni diverse richieste dall'acquirente saranno valide ed applicabili solo in caso di esplicita accettazione da parte di Refrigera Industriale.

1) OFFERTE, ORDINI E CONTRATTI DI VENDITA

Le offerte, le fatture proforma e le dichiarazioni unilaterali, rilasciate da Refrigera Industriale decadranno e saranno prive di effetti, se non accettate espressamente dall'acquirente entro il termine di validità indicato nelle stesse, ai sensi e per gli effetti degli artt. 1328 e 1329 c.c..

Le seguenti condizioni generali, debitamente firmate per accettazione, dovranno pervenire alla Refrigera Industriale contestualmente all'invio degli ordini di acquisto o dell'accettazione delle offerte di vendita.

I Contratti si intenderanno a tutti gli effetti conclusi nel momento in cui perverranno a Refrigera Industriale copie delle offerte e delle seguenti condizioni generali debitamente sottoscritte per accettazione, ovvero nel momento in cui Refrigera Industriale accetti l'ordine inviato dall'acquirente, congiuntamente alle seguenti condizioni generali, debitamente firmate per accettazione.

Refriger Industriale si riserva il diritto di considerare come mai pervenuti gli ordini e le accettazioni delle offerte non accompagnate dalle seguenti condizioni generali debitamente sottoscritte.

L'offerta ha efficacia di proposta revocabile in ogni forma, ai sensi e per gli effetti dell'art. 1328 c.c.; l'acquirente potrà revocare l'ordine nei 5 (cinque) giorni lavorativi successivi al suo ricevimento da parte di Refrigera Industriale. Decorso tale termine, l'ordine acquisterà automaticamente efficacia di proposta irrevocabile e la manterrà fino al trentunesimo giorno lavorativo successivo alla data di consegna prevista nell'ordine stesso.

L'oggetto del Contratto sarà quello risultante dall'offerta e dall'accettazione dell'ordine, come integrati dalle seguenti condizioni generali.

2) CONSEGNA

La consegna dei prodotti oggetto del Contratto (qui di seguito i "Prodotti") si intende eseguita da parte di Refrigera Industriale con remissione degli stessi al vettore. Il trasporto dei Prodotti avviene, pertanto, a rischio e pericolo dell'acquirente, anche se spediti in porto franco destino e/o con automezzi che presentano il servizio per conto di Refrigera Industriale.

Refriger Industriale provvederà all'invio della conferma d'ordine entro 3 (tre) giorni lavorativi dal ricevimento dello stesso.

Il termine di consegna indicato da Refrigera Industriale nella conferma d'ordine ovvero nell'offerta di vendita deve intendersi come non tassativo, bensì puramente indicativo del periodo in cui la consegna avrà luogo e, pertanto, Refrigera Industriale in nessun caso potrà essere considerata responsabile per il suo mancato rispetto. In questi casi, ferma restando la conclusione del Contratto, sarà cura di Refrigera Industriale comunicare all'acquirente le variazioni del termine di consegna preventivato. Eventuali mancanze di ricezione della conferma d'ordine dovranno essere denunciate, a pena di decadenza, a mezzo posta elettronica o fax, da inviarsi entro 8 (otto) giorni dall'invio dell'ordine.

Refriger Industriale provvederà ad evadere gli ordini di acquisto e le accettazioni delle offerte di vendita secondo l'ordine cronologico di arrivo e secondo la disponibilità presso il magazzino di Refrigera Industriale dei Prodotti ordinati.

3) PREZZI

Il prezzo dei Prodotti è quello indicato nella conferma d'ordine e/o nell'offerta di vendita. Le tasse, le imposte e le spese accessorie sono a carico dell'acquirente. I pagamenti si intendono sempre netti al domicilio del venditore.

4) INTERESSI DI MORA

In caso di ritardato pagamento da parte dell'acquirente, Refrigera Industriale addebiterà allo stesso gli interessi di mora così come determinati ai sensi e per gli effetti dell'art. 5 del d.lgs. n. 231/02.

5) ECCEZIONE DI INADEMPIMENTO

Ai sensi e per gli effetti dell'articolo 1460 c.c., in caso di pagamento ritardato e/o parziale e/o comunque difforme dal dovuto da parte dell'acquirente di alcuno tra i suoi debiti presenti e futuri nei confronti di Refrigera Industriale, comunque attinenti ai rapporti commerciali intercorsi tra le parti, Refrigera Industriale stessa avrà diritto a sospendere immediatamente qualunque fornitura dei Prodotti in corso, o da effettuarsi successivamente, alla data di scadenza dei termini entro i quali il predetto pagamento da parte dell'acquirente avrebbe dovuto avere luogo integralmente.

6) SOLVIBILITÀ DELL'ACQUIRENTE

Nel caso in cui Refrigera Industriale, successivamente alla stipula del contratto di vendita, ravvisi il venir meno ovvero la diminuzione delle condizioni di solvibilità dell'acquirente e/o delle garanzie generiche del credito, potrà, a sua assoluta discrezione, ritenere presso di sé i Prodotti non ancora consegnati e/o sospendere l'evasione degli ordini in corso e/o non processare nuovi ordini pervenuti dopo tale riscontro, fatti salvi gli altri rimedi di legge o previsti dal Contratto.

7) MODIFICHE

Refriger Industriale si riserva in ogni caso il diritto di effettuare modifiche tecniche e/o di prezzo ai suoi Prodotti, senza necessità di informazione preventiva all'acquirente, anche successivamente alla conclusione del Contratto.

8) GARANZIA E VIZI DEL PRODOTTO

La garanzia sui Prodotti si intende prestata esclusivamente nei termini qui di seguito specificati, con espressa esclusione dell'applicabilità al Contratto degli articoli 1490 e 1497 c.c..

Refriger Industriale garantisce che i Prodotti sono immuni da ogni vizio e/o difetto per un periodo di 12 (dodici) mesi, decorrente dalla data di spedizione, a condizione che l'acquirente sia in regola con i termini di pagamento delle somme a qualunque titolo dovute a Refrigera Industriale. Ogni e qualsiasi contestazione e/o reclamo in ordine all'esecuzione del Contratto, ivi compresi modelli e/o quantità di prodotti diversi da quanto ordinato e/o consegnato e/o riportato nei documenti di trasporto, asseriti vizi e/o difetti dei Prodotti, dovranno essere denunciati, a pena di decadenza, a mezzo lettera raccomandata A/R da inviarsi entro 8 (otto) giorni dal ricevimento della merce. La contestazione ovvero il reclamo non sospende l'obbligo dell'acquirente al pagamento del prezzo dei Prodotti alle scadenze pattuite.

L'acquirente avrà diritto, ad assoluta discrezione di Refrigera Industriale, alla sostituzione e/o riparazione e/o modifica gratuite dei Prodotti difettosi, che l'acquirente è tenuto ad inviare presso il magazzino di Refrigera Industriale, a spese del venditore, accompagnati dal numero della relativa fattura e da un esauriente descrizione del vizio e/o difetto, previa verifica da parte di personale incaricato da Refrigera Industriale dell'imputabilità a Refrigera Industriale dei pretesi vizi e/o difetti.

Qualsiasi modifica di qualsiasi natura operata dall'acquirente sui Prodotti (quali ad esempio, a solo titolo esemplificativo e non esaustivo, nel caso di Prodotti che siano stati trasformati, ovvero sottoposti a carichi superiori a quelli ammessi, che abbiano lavorato in condizioni diverse da quelle stabilite dal venditore, che siano stati danneggiati da impurità nell'impianto dell'acquirente o che siano stati comunque manomessi dall'acquirente) esclude automaticamente la possibilità di qualsiasi contestazione e/o reclamo. Resta comunque inteso che la sostituzione e/o riparazione e/o modifica dei Prodotti da parte di Refrigera Industriale non costituisce di per sé accettazione del reclamo dell'acquirente e rimane pertanto escluso ogni altro diritto anche di natura risarcitoria dell'acquirente ed ogni altro obbligo di Refrigera Industriale. Nel caso in cui venga effettuata sostituzione e/o riparazione e/o modifica dei Prodotti e non sia applicabile la garanzia, al cliente verranno addebitate tutte le spese sostenute da Refrigera Industriale, per gli interventi predetti sui Prodotti. Nel caso in cui, a giudizio insindacabile di Refrigera Industriale, non sussista alcun vizio e/o difetto dei Prodotti imputabile a Refrigera Industriale, quest'ultima addebiterà all'acquirente tutte le spese sostenute per l'analisi del Prodotto.

Refriger Industriale non si assume alcuna responsabilità per ogni danno diretto, indiretto o consequenziale che possa derivare da difetti e/o ritardi di consegna dei Prodotti, indipendentemente dalla causa, inclusi i difetti di materiale e/o fabbricazione.

I Prodotti riparati o sostituiti vengono restituiti al cliente in porto assegnato. L'acquirente dichiara di essere esaurientemente edotto circa la destinazione e l'uso dei Prodotti, per aver verificato tutti i dati tecnici e disegni, proposte, note ecc., riportati nei cataloghi, depliant e documenti. Pertanto Refrigera Industriale non accetterà alcun reclamo e/o responsabilità per casi di non corretto funzionamento o di pretesa idoneità dei Prodotti, dovuti ad un uso diverso da quello indicato.

9) LEGGE APPLICABILE E FORO COMPETENTE

Ai fini delle presenti condizioni generali, le obbligazioni nascenti dai Contratti, dalle Offerte e dagli Ordini avranno quale luogo di esecuzione il magazzino Refrigera Industriale di Pordenone.

Il presente Contratto, le Offerte ed Ordini sono esclusivamente sottoposti alla Legge italiana, che ne regola la conclusione, esecuzione e cessazione e in base alla quale saranno interpretati il Contratto, le Offerte ed Ordini, anche al fine della risoluzione delle controversie eventualmente nascenti. Per qualsiasi eventuale controversia soggetta alla giurisdizione italiana sarà competente in via esclusiva il Foro di Pordenone.

The following general terms and conditions apply to all sales offers, to all purchase orders and, once accepted, to all contracts where Refrigera Industriale s.r.l. (hereafter Refrigera Industriale) assumes the role of seller. The following general terms and conditions therefore prevail, over any provided by the buyer.

Other conditions requested by the buyer shall be valid and applicable only in the event of explicit acceptance by Refrigera Industriale.

1. OFFERS, ORDERS AND SALES CONTRACTS

The offers, proforma invoices and unilateral statements, made by Refrigera Industriale shall lapse and shall be considered null and void unless expressly accepted by the buyer within the period of validity indicated therein, pursuant to and for the purposes of articles 1328 and 1329 of the Italian Civil Code.

The following general terms and conditions, duly signed for acceptance, must be sent to Refrigera Industriale at the same time the purchase orders or acceptance of the sales offers are sent.

The Contracts shall be deemed for all intents and purposes concluded when Refrigera Industriale receives copies of the offers and the following terms and conditions duly signed for acceptance, or when Refrigera Industriale s.r.l. accepts the order sent by the buyer, together with the following general terms and conditions, duly signed for acceptance.

Refrigera Industriale reserves the right to consider orders and offer acceptances not accompanied by the following duly signed terms and conditions as not sent.

The offer can be effectively revoked in any form pursuant to and for the purposes of art. 1328 of the Italian Civil Code; the buyer may revoke the order within 5 (five) working days following receipt by Refrigera Industriale. Upon the expiry of said period, the order shall automatically become effective and irrevocable and shall remain so until the thirty-first working day following the delivery date planned in the order thereof.

The subject of the contract is that indicated by the offer and by the acceptance of the order, as supplemented by the following terms and conditions.

2. DELIVERY

Delivery of products covered by the Contract (hereafter the "Products") is intended performed by Refrigera Industriale with remission of the same to the carrier. Transport of Products therefore occurs at the buyer's risk and peril, even if shipped free on site delivery and/or with vehicles which provide the service on behalf of Refrigera Industriale.

Refrigera Industriale shall send the order confirmation within 5 (five) working days from receipt thereof.

The delivery date indicated by Refrigera Industriale s.r.l. in the order confirmation or in the sales offer must be considered as without limitation, albeit purely indicative of the period in which the delivery will take place and, therefore, Refrigera Industriale may in no event be held liable for its failure to comply. In these cases, without prejudice to the conclusion of the Contract, Refrigera Industriale shall communicate changes in the planned delivery terms to the buyer. Any failed receipt of the order confirmation must be reported, under penalty of forfeiture, by e-mail or fax, to be sent within 8 (eight) days from the order.

Refrigera Industriale shall process the purchase orders and acceptances of sales offers according to the chronological order of arrival and subject to availability of the Products ordered at the Refrigera Industriale warehouse.

3. PRICES

Product prices are those specified in the order confirmation and/or the sales offer. Taxes, fees and ancillary expenses shall be borne by the buyer. Payments are always intended as net at the seller's domicile.

4. DEFAULT INTEREST

In the event of delayed payment by the buyer, Refrigera Industriale shall charge the same interest on late payments as determined pursuant to art. 5 of Italian Legislative Decree no. 231/02.

5. NON-PERFORMANCE OBJECTION

Pursuant to and for the purposes of article 1460 of the Italian Civil Code, in the case of late and/or partial payment and/or however payment not in compliance with what is due by the buyer in his current and future payables to Refrigera Industriale, however relative to trade relations occurring between the parties, Refrigera Industriale shall be entitled to immediately suspend any supply of the Products in progress or to be carried out after the expiry date of the terms within which the aforementioned payment should have been fully paid by the buyer.

6. BUYER SOLVENCY

In the event that following the signing of the sales contract, Refrigera Industriale deems that the buyer's conditions of solvency and/or generic credit guarantees no longer exist, they can at their absolute discretion keep the undelivered products and/or suspend the execution of orders in progress and/or not process new orders received after said finding, without prejudice to other remedies provided by law or Contract.

7. CHANGES

Refrigera Industriale reserves the right to make any technical modifications and/or change product prices without prior notice to the buyer, even after the conclusion of the Contract.

8. WARRANTY AND PRODUCT DEFECTS

Warranty for Products shall mean exclusively granted under the terms herein specified below, with the express exclusion of the applicability of articles 1490 and 1497 of the Italian Civil Code to the Contract.

Refrigera Industriale guarantees that the Products are free from defects and/or faults for a period of 12 (twelve) months, commencing from the date of shipment, provided that the buyer is in good standing with the payment of the amounts due to Refrigera Industriale for any reason. All and any disputes and/or claims with respect to the execution of the Contract, including models and/or quantity of products other than that ordered and/or delivered and/or shown in the transport documents, alleged defects and/or faults in the Products must be reported, under penalty of forfeiture, in writing by Email or Fax to be sent within 8 (eight) days of receipt of the goods. The dispute or claim does not suspend the buyer's obligation to pay for the Products on the agreed dates.

At the absolute discretion of Refrigera Industriale the buyer shall be entitled to the free replacement and/or repair and/or modification of faulty Products, which the buyer is required to send at the seller's expense to the warehouse of Refrigera Industriale, accompanied by the related invoice number and a comprehensive description of the defect and/of fault, subject to verification by Refrigera Industriale staff of the imputability of the alleged defects and/or faults to Refrigera Industriale.

Any changes of any kind made by the buyer on the Products (such as for example, in the case of Products which have been transformed or subjected to loads in excess of those allowed, Products which have worked in conditions other than those established by the seller, Products which have been damaged by impurities in the buyer's system or have been in any way tampered with by the buyer) automatically excludes any dispute and/or claim. However, it is agreed that the replacement and/or repair and/or modification of the Products by Refrigera Industriale does not in itself constitute acceptance of the buyer's claim and therefore any other right even for compensation of the buyer and any other obligation of Refrigera Industriale is excluded. In the event of out of warranty replacement and/or repairs and/or modification of the Products the customer shall be charged all expenses incurred by Refrigera Industriale, for the aforementioned work on the Products. If at the sole discretion of Refrigera Industriale no defect and/or fault attributable to Refrigera Industriale is found, the latter will charge the buyer all expenses incurred for the examination of the Product.

Refrigera Industriale does not assume any responsibility for any direct, indirect or consequential damages that may arise from defects and/or delivery delays of the Products, regardless of cause, including material and/or manufacturing defects.

Repaired or replaced Products are returned to the customer at the assigned site.

The buyer declares to be fully informed with regards to the destination and use of the Products, after confirming all technical data and drawings, proposals, notes etc., shown in the catalogues, brochures and documents. Therefore Refrigera Industriale does not accept any claims and/or liability for malfunction or claims for suitability of the Products, due to a use other than that specified.

9. APPLICABLE LAW AND JURISDICTION

For the purposes of these general terms and conditions, the obligations arising under the Contracts, Offers and Orders shall take place at the warehouse of Refrigera Industriale Srl of Pordenone.

This Contract, the Offers and Orders are exclusively subject to Italian Law, which regulates the conclusion, implementation and termination, and under which the Contract, Offers and Orders shall be interpreted, also for the purpose of resolving any disputes which may arise.

Any dispute subject to Italian Law shall be referred to the exclusive jurisdiction of the Court of Pordenone.
